IMPORTANT OF THE NORTHWEST
Oregon, Washington, and California Contain One-third of the Standing Timber of the United States.

Dr. Lewis H. Douglass, of Pennsylvania, in a report to the Senate, said that of the 476,000,000 acres of forest land in the United States, Oregon contains about 1,500,000 acres, or one-third of the standing timber of the United States; California contains about 1,000,000 acres, or one-third, and Washington contains about 1,000,000 acres, or one-third.
